

PARAPLEGIA

Index to volume 21 (1983)

Subject index

Abstracts of Papers

62, 259, 265, 270, 274, 332, 388

Ambulation

The weightbearing shoulder, by Wing and Tredwell 107

Amputation

Amputation for peripheral vascular disease in the paraplegic and tetraplegic, by Grundy and Silver 305

The needs and unique problems facing spinal cord injured persons after limb amputation, by Ohry *et al.* 260

Anterior Spinal Artery Syndrome

Anterior spinal artery syndrome and its natural history, by Foo and Rossier 1

Anthropometry

Body composition comparison in two elite female wheelchair athletes, by Lussier *et al.* 16

Trunk and leg growth in children with paraplegia caused by spinal cord injury, by Duval-Beaupere *et al.* 339

Antibody Formation

Systemic humoral factors participating in the course of spinal cord injury, by Mizrachi *et al.* 287

Appliances

A driving adaptation for triplegic persons and a travelling adaptation device for paraplegic persons, by Dollfus *et al.* 127

First experimentation of the Spartacus telethesis in a clinical environment, by Kwee *et al.* 275

Atherosclerosis

Amputation for peripheral vascular disease in the paraplegic and tetraplegic, by Grundy and Silver 305

Athletics

Body composition comparison in two elite female wheelchair athletes, by Lussier *et al.* 16

Bacterial Infection

Peculiar septic responses in traumatic tetraplegic patients, by Ohry *et al.* 318

Body Composition

Body composition comparison in two elite female wheelchair athletes, by Lussier *et al.* 16

Prediction of creatinine clearance from serum creatinine in spinal cord injury patients, by Mirahmadi *et al.* 23

Book Reviews

66, 137, 272, 328, 390

Car Driving

A driving adaptation for triplegic persons and a travelling adaptation device for paraplegic persons, by Dollfus *et al.* 127

Children

Trunk and leg growth in children with paraplegia caused by spinal cord injury, by Duval-Beaupere 339

Conferences, Meetings, Notices

65, 69, 139, 192, 201, 274, 335, 392

Creatinine

Prediction of creatinine clearance from serum creatinine in spinal cord injury patients, by Mirahmadi *et al.* 23

Crutches

The weightbearing shoulder, by Wing and Tredwell 107

Developing Countries

Evolution of the treatment of spinal cord injuries in Algeria, by Amara *et al.* 106

Traumatic paraplegia in Zaria, Nigeria: the case for a centre for injuries of the spine, by Iwegbu 81

Ejaculation

Treatment of anejaculation in the total paraplegic by subcutaneous injection of physostigmine, by Chapelle *et al.* 30

Electric Stimulation

- Electrostimulation of the median nerve in tetraplegics by means of implanted stimulators, by Kiwerski *et al.* 322
- Repetitive stimulation in the central nervous system, by Illis 258

Epidemiology

- Comparison of spinal cord injuries in females and in males, 1979–1981, Basle, by Kuhn *et al.* 154
- The female paraplegic: a statistical survey, by Girard 149
- The female paraplegic in Spain: preliminary report, by Forner *et al.* 176
- Paraplegia in women, by Kiwerski and Ahmad 161
- Rehabilitation outcomes in females with spinal cord injury: a follow-up study, by Pinkerton and Griffin 166
- A review and update of experiment and clinical studies of spinal cord injury, by Collins 204
- Spinal cord injury in the female, by Watson 143

Experimental Spinal Cord Trauma

- A review and update of experiment and clinical studies of spinal cord injury, by Collins 204
- Study of ectopic bone formation in experimental spinal cord injured rabbits, by Izumi 351

Facies Quadriplegiae

- Clinical note on facies quadriplegiae, by Ohry and Rozin 327

Follow-Up Studies

- Rehabilitation outcomes in females with spinal cord injury: a follow-up study, by Pinkerton and Griffin 166

Fracture Reduction

- A locking hook—spinal rod: current status of development, by Jacobs *et al.* 197

Gait

- The weightbearing shoulder, by Wing and Tredwell 107

Growth Retardation

- Trunk and leg length in children with paraplegia caused by spinal cord injury, by Duval-Beaupere *et al.* 339

Gynaecology

- The value of gynaecological examinations in spinal cord injured women, by Terbizan and Schneeweiss 266

Head-Up Tilt

- Orthostatic vasomotor response in spinal man, by Krebs *et al.* 72

Heterotopic Ossification

- Study of ectopic bone formation in experimental spinal cord injured rabbits, by Izumi 351

Impotence

- The effect of anteromedian sphincterotomy on penile erections in patients with neuropathic bladder, by Philp *et al.* 301
- Treatment of anejaculation in the total paraplegic by subcutaneous injection of physostigmine, by Chapelle *et al.* 30

International Medical Society of Paraplegia

- Report of the President, by Bedbrook 337

Leg Length Inequality

- Trunk and leg growth in children with paraplegia caused by spinal cord injury, by Duval-Beaupere *et al.* 339

Life Expectancy

- Fifty years survival after cervical fracture and fusion, by Sakae *et al.* 249
- Life expectancy following spinal cord injury: a ten-years survey in the Rhône-Alpes Region, France, 1969–1980, by Minaire *et al.* 11
- Peculiar septic responses in traumatic tetraplegic patients, by Ohry *et al.* 318
- Survival in traumatic spinal cord injury, by Geisler *et al.* 364

Meinecke, Dr. Friedrich. Wilhelm

- Profile, by Paeslack 141

Multiple Sclerosis

- Neuro-muscular dysfunction of the lower urinary tract in multiple sclerosis, by Van Poppel *et al.* 374
- Percutaneous lumbar rhizotomy for spasms in paraplegia, by Turnbull 131

Nerve Regeneration

- Osseous metaplasia: a late pathological finding within the scar tissue formed following spinal injury, by Smith *et al.* 380
- Systemic humoral factors participating in the course of spinal cord injury, by Mizrachi *et al.* 287

Neurogenic Bladder

- Bladder retraining of paraplegic women, by Merritt 185
- A comparison of fine-bore suprapubic and an intermittent urethral catheterisation regime after spinal cord injury, by Grundy *et al.* 227
- The effect of anteromedian sphincterotomy on penile erections in patients with neuropathic bladder, by Philp *et al.* 301
- Neuro-muscular dysfunction of the lower urinary tract in multiple sclerosis, by Van Poppel *et al.* 374

- The respective contribution of smooth and striated components in the urethral pressure profile of the spinal cord injured. A neuropharmacological and urodynamic study, by Rossier *et al.* 114
- Suprapubic catheterisation after spinal cord injury: a follow-up report, by Peatfield *et al.* 220
- Urological management and follow-up of spinal cord injured females, by Stover *et al.* 184
- The use of portable real-time ultrasound scanner for estimating bladder volume, by Ravichandran and Fellows 274
- Neurological Sequelae**
A review and update of experiment and clinical studies of spinal cord injury, by Collins 204
- Ossification**
Osseous metaplasia: a late pathological finding within the scar tissue formed following spinal injury, by Smith *et al.* 380
Study of ectopic bone formation in experimental spinal cord injured rabbits, by Izumi 351
- Pregnancy**
The female paraplegic and mother-child relations, by Turk *et al.* 186
- Pressure Sores**
Long term pressure recordings under the ischial tuberosities of tetraplegics, by Fisher and Patterson 99
Percutaneous lumbar rhizotomy for spasms in paraplegia, by Turnbull 131
The use of innervated flaps for the closure of ischial pressure sores, by Krupp *et al.* 119
- Prognosis**
A review and update of experiment and clinical studies of spinal cord injury, by Collins 204
- Renal Function**
Orthostatic vasomotor response in spinal man, by Krebs *et al.* 72
Prediction of creatinine clearance from serum creatinine in spinal cord injury patients, by Mirahmadi *et al.* 23
- Rhizotomy**
Percutaneous lumbar rhizotomy for spasms in paraplegia, by Turnbull 131
- Road Accidents**
Road traffic accidents, spinal injuries and seat belts, by Watson 63
- Seat Belts**
Road traffic accidents, spinal injuries and seat belts, by Watson 63
- Shoulder**
The weightbearing shoulder, by Wing and Tredwell 107
- Social Reintegration**
Rehabilitation outcomes in females with spinal cord injury: a follow-up study, by Pinkerton and Griffin 166
- Spinal Cord Compression**
Vertebral metastases and spinal cord compression, by Shibasaki *et al.* 47
- Spinal Cord Stimulation**
Repetitive stimulation in the central nervous system, by Illis 258
- Spinal Injury Centres**
Evolution of the treatment of spinal cord injuries in Algeria, by Amara *et al.* 106
Traumatic paraplegia in Zaria, Nigeria: the case for a centre for injuries of the spine, by Iwegbu 81
- Spinal Neoplasms**
Vertebral metastases and spinal cord compression, by Shibasaki *et al.* 47
- Syringomyelia**
Pathophysiological mechanism of the traumatic cavitation of the spinal cord, by Wozniewicz *et al.* 312
Post-traumatic syringomyelia: the results of surgery, by Vernon *et al.* 37
- Telethesis**
First experimentation of the Spartacus telethesis in a clinical environment, by Kwee *et al.* 275
- Thermoregulation**
Thermoregulatory set point in patients with spinal cord injuries (spinal man), by Attia and Engel 233
- Thromboembolism**
Venous thrombosis and pulmonary embolism occurring at close intervals in spinal cord injury patients, by Frisbie *et al.* 270
- Urinary Catheterisation**
A comparison of fine-bore suprapubic and an intermittent urethral catheterisation regime after spinal cord injury, by Grundy *et al.* 227
Intermittent self-catheterisation—a new female catheter, by Boles and Klomfass 117
Simple additives to increase the activity of chlorhexidine digluconate against urinary pathogens, by Harper 86
Suprapubic catheterisation after spinal cord injury: a follow-up report, by Peatfield *et al.* 220
The use of portable real-time ultrasound scanner

- for estimating bladder volume, by Ravi-chandran and Fellows 274
- Urinary Tract Infection**
Simple additives to increase the activity of chlorohexidine digluconate against urinary pathogens, by Harper 86
The use of the bladder wash-out test in patients with spinal cord lesions who have urinary tract infection, by Wyndaele *et al.* 294
- Vasoconstriction**
Orthostatic vasomotor response in spinal man, by Krebs *et al.* 72
- Wheelchairs**
Low cost wheelchair, by Bosshard 94
- Women**
Bladder retraining of paraplegic women, by Merritt 185
Comparison of spinal cord injuries in females and in males, 1979–1981 Basle, by Kuhn *et al.* 154
The female paraplegic and mother-child relations, by Turk *et al.* 186
The female paraplegic: a statistical survey, by Girard *et al.* 149
The female paraplegic in Spain: preliminary report, by Forner *et al.* 176
Intermittent self-catheterisation—a new female catheter, by Boles and Klomfass 117
Paraplegia in women, by Kiwerski and Ahmad 161
Rehabilitation outcomes in females with spinal cord injury: a follow-up study, by Pinkerton and Griffin 166
Spinal cord injury in the female, by Watson 143
Urological management and follow-up of spinal cord injured females, by Stover *et al.* 184
The value of gynaecological examinations in spinal cord injured women, by Terbizan and Schneeweiss 266
Discussion of papers 192
