

# Paraplegia

Index of Volume 28 (1990)

## Subject Index

### Activities of Daily Living

Initial factors predicting functional performance in patients with traumatic tetraplegia, by Daverat *et al.* 414

### Ambulation

Changes in ambulation parameters in spinal cord injury individuals following rehabilitation, by Yakura *et al.* 364

Estimating the user population of a simple electrical stimulation system for standing, by Jaeger *et al.* 505

Follow-up study on the use of leg braces issued to spinal cord injury patients, by Hong *et al.* 172

### Aortic Surgery

Case Report: hip joint instability in an infant with paraplegia following aortic surgery, by Suzuki *et al.* 406

### Atherosclerosis

Vascular reconstruction for limb salvage in the spinal cord injured patient, by Stevick *et al.* 203

### Book Reviews

64, 141, 213, 275, 344, 410, 466, 529, 583

### Bowel Function

Cisapride stimulates small intestinal motility and relieves constipation in myelopathy due to cervical spinal stenosis: case report, by Hellstrom *et al.* 261

Long term follow-up of patients with sacral anterior root stimulator implants, by Brindley and Rushton 469

### Cardiopulmonary Responses

Late asystole in high cervical spinal cord injury: case report, by Silbert and Davis 137

### Catheterisation

Early intermittent self-catheterisation after spinal cord injury, by Wyndaele and De Taeye 76

The team approach to urinary bladder management in spinal cord injury patients: a 26-year retrospective look at the Highland View Hospital Urinary Catheter Care Team, by Lindan *et al.* 314

Urological outcome in female patients with spinal cord injury: the effectiveness of intermittent catheterisation, by Timoney and Shaw 556

### Central Cord Syndrome

Long term function following the central cord syndrome, by Bridle *et al.* 178

Reflex sympathetic dystrophy in central cord syndrome: case report and review of the literature, by Philip *et al.* 48

### Cerebrospinal Fluid Fistulae

Traumatic spinal cord injury followed by cerebrospinal fluid complications, by Ohry and Zeilig 208

### Cervical Spine

Cervical spine injuries: a follow-up of 332 patients, by Ersmark *et al.* 25

### Cervical Stabilisation

Anterior plating of unstable cervical spine fractures, by Mann *et al.* 564

### Ciprofloxacin

Peroral treatment with ciprofloxacin of patients with spinal cord lesion and bacteriuria caused by multiply resistant bacteria, by Pedersen *et al.* 41

### Depression

Differences between rehabilitation disciplines in views of depression in spinal cord injury patients, by Dijkers and Cushman 380

### Developing Countries

China's first total care unit for the spinal cord injured, by Wang *et al.* 318

Experience with a spinal cord unit in Brasilia, Brazil, by Masini *et al.* 17

The right to die of a high quadriplegic in a developing country: case report, by Kovindha 272

### Ejaculation

Quality of semen after repeated ejaculation treatment in spinal cord injury men, by Siösteen *et al.* 96

Estimating the user population of a simple electri-

- cal stimulation system for standing, by Jaeger *et al.* 505
- Functional neuromuscular stimulation in 4 patients with complete paraplegia, by Hjeltnes and Lannem 235
- Intravesical electrical stimulation for the rehabilitation of the neuropathic bladder, by Madersbacher 349
- Long term follow-up of patients with sacral anterior root stimulator implants, by Brindley and Rushton 469
- Neural stimulation for spinal spasticity, by Kanaka and Kumar 399
- Energy Metabolism**
- Body composition and resting energy expenditure in long term spinal cord injury, by Sedlock and Laventure 448
- Changes in ambulation parameters in spinal cord injury individuals following rehabilitation, by Yakura *et al.* 364
- Relationship between heart rate and oxygen uptake in thoracic level paraplegics, by Bar-On *et al.* 87
- Epidemiology**
- Cervical spine injuries: a follow-up of 332 patients, by Ersmark *et al.* 25
- Epidemiology of spinal cord lesions in Denmark, Biering-Sørensen *et al.* 105
- New estimates of traumatic SCI prevalence: a survey-based approach, by Harvey *et al.* 538
- Euthanasia**
- The right to die of a high quadriplegic in a developing country: case report, by Kovindha 272
- Exercise Therapy**
- Exercise capacity of untrained spinal cord injured individuals and the relationship of peak oxygen uptake to level of injury, by Burkett *et al.* 512
- Physical endurance capacity, functional status and medical complications in spinal cord injured with long-standing lesions, by Hjeltnes and Jansen 428
- Fluoride Poisoning**
- Neurological complications of endemic skeletal fluorosis, with special emphasis on radiomyelopathy, by Haimanot 244
- Follow-up Studies**
- Cervical spine injuries: a follow-up of 332 patients, by Ersmark *et al.* 25
- Follow-up study on the use of leg braces issued to spinal cord injury patients, by Hong *et al.* 172
- Long term follow-up of patients with sacral anterior root stimulator implants, by Brindley and Rushton 469
- Long term function following the central cord syndrome, by Bridle *et al.* 178
- Long term prediction of self-reported problems following spinal cord injury, by Krause and Crewe 186
- History of Medicine**
- The portrayal of paralysis in some masterpieces by European painters, by Ohry-Kossoy 489
- Immediate Care**
- Benefits of early admission to an organised spinal cord injury care system, by DeVivo *et al.* 545
- Kidney Calculi**
- Citrate excretion in spinal cord patients, by Burr and Nusebeh 496
- Leisure Activities**
- A comparison of past and future leisure activity participation between spinal cord injured and non-disabled persons, by Kennedy and Smith 130
- Locked-in Syndrome**
- The locked-in syndrome: a review and presentation of two chronic cases, by Dollfus *et al.* 5
- The locked-in syndrome and related states, by Ohry 73
- Lumbar Vertebrae**
- Bone and soft tissue injuries in post-mortem lumbar spines, by Taylor *et al.* 119
- Meetings and Notices**
- 68, 142, 215, 277, 347, 411, 467, 530, 586
- Mycoplasma Pneumoniae**
- Transverse myelitis associated with mycoplasma pneumoniae: care report, by Heller *et al.* 522
- Neuropathic Bladder**
- Early intermittent self-catheterisation after spinal cord injury, by Wyndaele and De Taeye 76
- The effect of intrathecal baclofen on the lower urinary tract in paraplegia, by Talalla *et al.* 420
- Intravesical electrical stimulation for the rehabilitation of the neuropathic bladder, by Madersbacher 349
- Long term follow-up of patients with sacral anterior root stimulator implants, by Brindley and Rushton 469
- Peroral treatment with ciprofloxacin of patients with spinal cord lesion and bacteriuria caused by multiply resistant bacteria, by Pedersen *et al.* 41
- Pharmacotherapy for urinary bladder dysfunction in spinal cord injury patients, by Wyndaele 146
- Spontaneous intraperitoneal vesical rupture in association with neuropathic bladder, by Watson *et al.* 158
- The team approach to urinary bladder management in spinal cord injury patients: a 26-year

- retrospective look at the Highland View Hospital Urinary Catheter Care Team, by Lindan *et al.* 314
- Urological outcome in female patients with spinal cord injury: the effectiveness of intermittent catheterisation, by Timoney and Shaw 556
- Use of plasmid analysis to determine the source of bacterial invasion of the urinary tract, by Donovan *et al.* 573
- The various types of neurogenic bladder dysfunction: an update of current therapeutic concepts, by Madersbacher 217
- Obituaries**  
James Cosbie Ross 212
- Orthotic Devices**  
Follow-up study on the use of leg braces issued to spinal cord injury patients, by Hong *et al.* 172  
Review article: Halo versus Minerva—which orthosis? by Pringle 281
- Ossification**  
Serum alkaline phosphate and inorganic phosphorus values in spinal cord injury patients with heterotopic ossification, by Kim *et al.* 441
- Pain**  
Chronic pain after spinal cord injury: an expedient diagnostic approach, by Frisbie and Aguilera 460
- Paraplegia Prize**  
Paraplegia prize 1990—Dr P. Daverat 413
- Pressure Sores**  
Proximal femurectomy for decubitus ulceration in the spinal cord injury patient, by Peters and Johnson 55  
The use of calcium alginate dressing in the management of decubitus ulcers in patients with spinal cord lesions, by Chapuis and Dollfus 269
- Prognosis**  
Benefits of early admission to an organised spinal cord injury care system, by DeVivo *et al.* 545  
Initial factors predicting functional performance in patients with traumatic tetraplegia, by Daverat *et al.* 414
- Psychological Reactions**  
A comparison of past and future leisure activity participation between spinal cord injured and non-disabled persons, by Kennedy and Smith 130  
Long term prediction of self-reported problems following spinal cord injury, by Krause and Crewe 186  
The quality of life of three functional spinal cord injury subgroups in a Swedish community, by Siösteen *et al.* 476
- Self-actualisation of elite wheelchair athletes, by Sherrill *et al.* 252
- Sexual ability, activity, attitudes and satisfaction as part of adjustment in spinal cord-injured subjects, by Siösteen *et al.* 285
- Reflex Sympathetic Dystrophy**  
Reflex sympathetic dystrophy in central cord syndrome: case report and review of the literature, by Philip *et al.* 48
- Rehabilitation**  
Spinal cord injury care system: fifteen-year experience at the Rehabilitation Institute of Chicago, by Yarkony *et al.* 321
- Respiration**  
Respiratory function in patients with spinal cord injuries: effects of posture, by Chen *et al.* 81
- Schistosomiasis**  
Paraplegia from Schistosomiasis, by Bloom and Freed 455
- Sexual Function**  
Quality of semen after repeated ejaculation treatment in spinal cord injury men, by Siösteen *et al.* 96  
Sexual ability, activity, attitudes and satisfaction as part of adjustment in spinal cord-injured subjects, by Siösteen *et al.* 285  
Sexual and marital adjustment of World War II spinal cord injured veterans, by Nikas *et al.* 164
- Sleep Apnea**  
Obstructive disordered breathing during sleep in patients with spinal cord injury, by Bonekat *et al.* 392
- Social Reintegration**  
Long term prediction of self-reported problems following spinal cord injury, by Krause and Crewe 186  
The quality of life of three functional spinal cord injury subgroups in a Swedish community, by Siösteen *et al.* 476  
Sexual and marital adjustment of World War II spinal cord injured veterans, by Nikas *et al.* 164
- Spasticity**  
The effect of intrathecal baclofen on the lower urinary tract in paraplegia, by Talalla *et al.* 420  
Muscle release in the management of spasticity in spinal cord injury, by Eltorai and Montroy 433  
Neural stimulation for spinal spasticity, by Kanaka and Kumar 399
- Spinal Injury Centres**  
China's first total care unit for the spinal cord injured, by Wang *et al.* 318

- A new building for the oldest spinal cord unit in the Netherlands, by Asbeck 230  
The Spina Cord Injuries Center Hamburg, by Meinecke 371

**Sport**

- Self-actualisation of elite wheelchair athletes, by Sherrill *et al.* 252

**Sports Injuries**

- Injuries to elite wheelchair athletes, by Ferrara and Davis 355

**Surgical/Non-surgical Treatment**

- Experience with a spinal cord unit in Brasilia, Brazil, by Masini *et al.* 17

**Syringomyelia**

- Neurological improvement following respiratory support in syringomyelia: case report, by Seliger *et al.* 526  
Post-traumatic syringomyelia, an update, by Williams 296

**Transportation of Patients**

- A new device for the care of acute spinal injuries: The Russell Extrication Device (RED), by Cohen *et al.* 151

**Transverse Myelitis**

- Transverse myelitis associated with mycoplasma pneumoniae: case report, by Heller *et al.* 522

**Upper Limb**

- Surgical rehabilitation of the upper limb in tetraplegia, by Moberg 330

**Vascular Reconstruction**

- Vascular reconstruction for limb salvage in the spinal cord injured patient, by Stevick *et al.* 203

**Wrestling**

- Wrestling causing paraplegia, by Acikgöz *et al.* 265
