## CLINICAL SIMULATION CENTRE OPENED

In July Dr Susan Gregory opened the newly refurbished Plymouth Regional Initiative in Dental Education (PRIDE) dental clinical simulation centre in Derriford Hospital in Plymouth.

The centre has 12 phantom heads, is used for continuing professional

development (CPD) for all members of the dental team and hosts over 40 courses per annum.

The refurbishment project was supported by NHS Education South West and was managed by Heidi Mills, a dental nurse who runs the centre.
