Corrigendum: The impact of resveratrol and hydrogen peroxide on muscle cell plasticity shows a dose-dependent interaction

Alessandra Bosutti & Hans Degens

Scientific Reports 5:8093; doi: 10.1038/srep08093; published online 28 January 2015; updated 17 July 2015

This Article contains errors in Figure 4. In Figure 4a, the contrast image for the 'DM' group under 'Total myosin ATPase activity' is incorrect. In Figure 4b, the contrast images for the 'RS 40 μM ' and 'RS 60 μM ' group under 'Myosin type1 ATPase activity' are also incorrect.

Additionally, the Article contains errors in Figure 5b: the phase contrast images in the second panel under conditions ' $\text{H}_2\text{O}_2 + \text{RS } 10\mu\text{M}$ ' and ' $\text{H}_2\text{O}_2 + \text{RS } 20\mu\text{M}$ ' are incorrect.

The correct Figure 4 and 5b appear below as Figure 1 and Figure 2 respectively.

Figure 1.
