OPEN Erratum: **Steady State Ocean Response to Wind Forcing in Extratropical Frontal Regions**

Meghan F. Cronin & Tomoki Tozuka

In the HTML version of this Article, there is a typographical error in the Introduction section,

"We call this the "effective wind stress":

$$\tau_{eff} = \tau_0 - \tau_P \tag{1}$$

where $\tau_{\mathbf{P}} = \rho_0 \nu \partial \boldsymbol{u_g}/\partial z = \frac{\rho_0 \nu}{f}(\hat{z} \times \clubsuit b)$ is the stress associated with the pressure gradient-induced geostrophic shear, referred to hereinafter as the geostrophic shear stress."
