The original version of this Article contained errors in the numbering of affiliations where Affiliations 1 and 2 were reversed.

In addition, the title and legend of Figure 4 contained errors.

“Figure 4: IL-8 is reduced in human small airway epithelial cells(HSAEpC) from COPD patients. (a) The IL-8 protein levels were reduced in human small airway epithelial cells derived from COPD(COPD HSAEpCs) patients compared with normal HSAEpCs(NC). The levels of IL-8 in supernatants were measured by ELISA. **(b)** However, the IL-10 levels in COPD HSAEpCs were similar to in normal control cells. **(c)** The recruitment of SUV39H1 in the *IL-8* gene promoter was reduced in COPD HSAEpCs compared with normal control. The enrichment of SUV39H1 was evaluated by chromatin immunoprecipitation(ChIP) analysis. **(d)** The enrichment of H3K9me3 in *IL-8* gene promoter was also reduced in COPD HSAEpCs. All data are presented as the mean \pm SEM of at least three independent experiments. $**p < 0.01$ and $***p < 0.001$ ”.

now reads:
