Standing out

The new Hejco 2003 catalogue has added strong colours in the latest styles for a more casual look for staff in dental practices. Unisex shirts which are 50 per cent polyester and 50 per cent cotton and ladies blouses are a few of the many uniforms available in the 'Add Colour to your practice' range. Call Kent Express on 10634 878787 for details.

Anytime, anywhere

Fresh and Go toothbrushes, featuring a unique 2-in-1 design, were recently launched in the UK. The toothpaste is stored in the handle and with a twist of the knob the paste is dispensed through the brush.

The manufacturer claims the brushes encourage dental hygiene throughout the day, appealing to dentists and hygienists alike. The brush is disposable (approximately 30 brushings), has a replaceable snap-on cap and can be left clean and dry once used.

Fresh and Go retails at £1.99 and is available from DHB, Dental Directory, Orthocare and Davis Healthcare Services.

Alternative treatments

In answer to the growing demand for complimentary products for use within dentistry, the Dental Directory has introduced a range of complementary, alternative and nutritional products designed to strengthen the body's own immune and healing system.

The range includes ThioCare Toothpaste, ThioCare Oral Spray and Herbal Mouth and Gum Therapy, which contains echinacea, goldenseal and calendula. For details contact the Dental Directory on 01376 391 100.
