

*Mucosal Immunology* Article types

Type	Description	Abstract	Unsolicited considered?	Word limit / tables/ figures
Article	Contributors of original research should review “Key factors for publication consideration in original research,” below. All submissions of original research will be judged against these criteria.	Unstructured Abstract of max 200 words; Graphical abstract optional (See <a href="#">“Preparation of Articles”</a> )	Yes	5,000 words excluding Abstract, References, Tables, and Figures; 50 References max; Figures/ Tables: 10 max
Review	Comprehensive analyses of specific topics in mucosal immunology. Both solicited and unsolicited review articles will undergo peer review prior to acceptance. Reviews are available for free on MI’s website.	Unstructured Abstract of max 150 words; Graphical abstract optional (See <a href="#">“Preparation of Articles”</a> )	Reviews are usually solicited by the Editors. Proposals for reviews may be submitted via the <a href="#">Editorial Office</a> ; outlines of the proposed paper are preferred.	2,500-6,000 words including Abstract but excluding References, Tables and Figures. Figures of invited reviews have the option of being illustrated on a gratis basis by the publisher. No max References.
Brief report	To facilitate rapid publication of cutting edge scientific and technological advances in mucosal immunology	Unstructured, up to 200 words. Graphical abstract optional (See <a href="#">“Preparation of Articles”</a> )	Yes	Up to 3500 words. 50 max References; maximum 4 figures and/or tables and up to 4 supplementary figures or tables. Results and discussion should be combined.
Comment	Typically highlight findings of a manuscript in the same or past issues of <i>Mucosal Immunology</i> . Also include short manuscripts that address findings published elsewhere or more general topics that are pertinent and timely. Comments can include opinions or pointed discussions that address controversial topics, or that present new hypotheses.	No Abstract required; however, manuscripts should include an Introduction of max 75 words. Graphical abstract optional (See <a href="#">“Preparation of Articles”</a> )	Only by invitation of Editors; however, proposals may be submitted to the <a href="#">Editorial Office</a> .	1,600 words excluding References, Tables and Figures; References: 10 max; Figures/Tables: 2 max.
Correspondence	Should address issues concerning recently published information in <i>Mucosal Immunology</i> . A	No Abstract required. Graphical	Yes	

	Correspondence must reference the original source, and a Response must reference the Correspondence in the first few paragraphs. Correspondence can use an arbitrary title, but a Response must cite the title of the Correspondence (eg, "Response to [Title of Correspondence]")	abstract optional (See <a href="#">"Preparation of Articles"</a> )		
Editorial	Proposals for Editorials may be submitted.	No Abstract required. Graphical abstract optional (See <a href="#">"Preparation of Articles"</a> )	Only by invitation of Editors; however, proposals may be submitted to the <a href="#">Editorial Office</a>	
Image	Illustrative images which are unique or highly illustrative of specific occurrences in mucosal immunology. They will be reviewed by the Editorial Board prior to acceptance.	No Abstract required. Graphical abstract optional (See <a href="#">"Preparation of Articles"</a> )	Yes	Should be accompanied by a brief one-paragraph description of max 200 words of relevant clinical or basic scientific information.
News	Timely briefings and analysis on a wide range of topics important to the field of immunology.	No Abstract required. Graphical abstract optional (See <a href="#">"Preparation of Articles"</a> )	No, only by invitation of Editors	1,000 words excluding References, Tables and Figures; References: 10 max; Figures/Tables: 1 max
